Mount

ABOUT

weBoost Dash Side Hustle is a compact, easy-to-use cell signal booster designed for commuters and daily drivers that need reliable connectivity on their everyday excursions — including delivery drivers and gig workers.

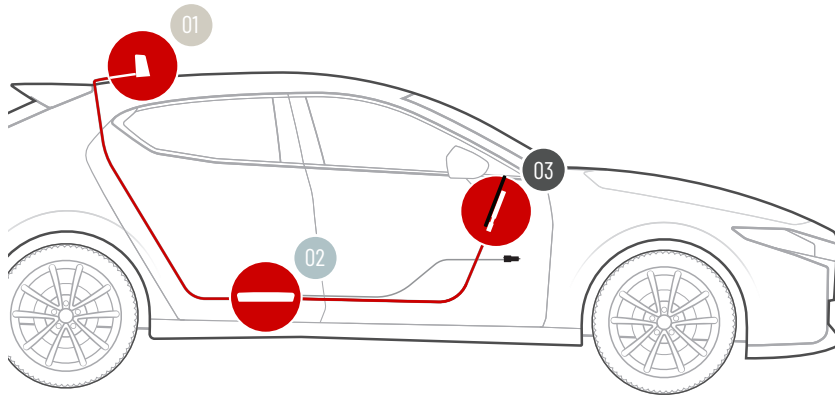

It amplifies signal on a single device for clearer calls, faster data speeds, and fewer dropped connections. Instead of your phone being clamped in a cradle, Dash's magnetic mount keeps you connected and hands-free while driving. And, with built-in magnetic Qi2 Charging, your battery is always juiced up for the journey.

⚠️ WARNING: This product can expose you to chemicals including Nickel, which is known to the State of California to cause cancer, and Bisphenol A, which is known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov
